

METHOD STATEMENT

Cleaning of Toilets, Sluices & Urinals.

It is imperative that the written instructions provided by Pioneer Quality Services in their Health & Safety & Coshh manual for the cleaning of toilets, sluices, & urinals is at all times and in all circumstances complied with.

TOILETS

Particular attention is to be given to the method statement numbered from 8 to 11

It is essential that number 11 is carried out which states: “Flush toilets, rinsing brush in flushing water”

SLUICES & URINALS

As above, it is essential that number 10 is carried out which states “Rinse...urinals using clean (hot if possible) water”
